

Welcome to St. Bert's.

Choosing the right school for your child is one of the most important decisions for parents/carers. The aim for every child in our school is for them to be happy in their school life and so develop a love of learning in all that they do - happy children learn best.

Underpinning all that we do at St Bert's is our strong Christian ethos; this permeates through all aspects of school life and is the strongest factor in leading learning and determining our uniqueness. Every decision we make as a school comes from a Christian perspective - an overriding desire to keep our children at the centre of our daily mission and work. The children are taught to live out Christian values and will readily talk to you about how these relate to their daily lives.

Primary school is a vital stage which lays the foundation for future learning. It's where we teach children how to learn and where we have the privilege of igniting their curiosity and desire to learn more. While focussing on high standards of attainment, we are fully committed to the provision of a broad and balanced curriculum. We pride ourselves on our capability to provide opportunities for every child, to inspire awe and wonder, creating memories that children will carry with them long into adulthood.

Of equal importance is how we teach children to get on with each other and deal with all that life involves. Social and emotional development has the highest priority and we pride ourselves on the confidence and high levels of self-esteem for which our children are often identified when they reach high school

Strong partnerships between governors, staff, children, parents, church and the local community contribute greatly to the success of the school. Staff are creative and passionate about children's learning, sharing practice to ensure that we can offer the best educational opportunities and we are proud of our reputation of being a friendly and caring school with high standards of achievement and behaviour.

At St Bert's we will ensure you and your child will feel welcomed as a family. The staff and governors warmly invite all prospective parents to visit us and see the school in action for themselves. We look forward to meeting you and introducing you to the St Bert's Family.

Please contact the school office by telephone if you should wish to arrange a visit.
