

TALK Halton Communication Hub

Communication is an essential foundation life skill that supports many other areas of development such as; behaviour, emotional wellbeing and lifelong learning. As parents and carers you play a vital role in supporting your child's speech, language and communication skills.

What is the Communication Hub?

The Talk Halton Communication Hub provides lots of information and **FREE** resources to help you to support children on their communication journey.

Information and Resources

Looking for ideas/resources to support children's speech and language development? Then take a look at the 'Information and Resources' section and you will find lots of information

Concerns

If you have a concern about a child's communication skills take a look at the information in the 'Concerns' section. Includes how to spot a language difficulty and what you can do to support

Support Services

If you are looking for information about services in Halton to support and help children's communication take a look at the 'Support Services' section

Courses and Training

Take a look at the 'Courses and Training' section to find information on courses and training available to support children's communication

How to find the Communication Hub
